Subject: FW: TSCA Assistance

Morning Richard. A few weeks back we talked about the support NCEA provides to OPPT on TSCA. Below is what I received this am. This is just NCEA. NCCT, NERL, NHEERL and NRMRL also provide support on other aspects of TSCA implementation. Hope this helps

Subject: TSCA Assistance

Good morning Jennifer,

As you requested, Emma Lavoie, NCEA's Assistant Center Director for Scientific Support, developed this table that best summarizes NCEA's TSCA support. This is consistent with our estimates of 15-20 NCEA staff being engaged with TSCA support at various levels.

Additionally, as reflected in the last row below, Emma herself spends about 20% of her time weekly working with TSCA staff across various science issues and coordination activities. [Emma came to NCEA about a year ago from OPPT]. NCEA also co-chairs the Systematic Review Community of Practice with OCSPP – this CoP provides a forum for further information sharing and discussion.

Thanks,

Tina
